

PARDON BOARD NOT GENEROUS

Only Three Applications Out of Twenty Meet With Favor—Many Denied.

SEVERAL ARE CONTINUED

TRIAL JUDGES FAVORED PARDONS ACTED UPON.

Of the twenty applications for pardon which were presented to the state board of pardons yesterday afternoon but three met with favor of the board, and three were either denied or continued until the next monthly meeting. The following were granted pardon: The application for Le Roy Hodgkinson, convicted of carnal knowledge, from Uintah county, March 23, 1908, and sentenced to three years; Hal, convicted of burglary in the second degree, from Salt Lake county, July 3, 1908, and sentenced to two years in the state prison; Alfred D. Hottenstein, convicted of grand larceny, from Uintah county, Dec. 26, 1908, and sentenced to fifteen months in the state prison. The judges passing sentences in the three cases were all favorable to the granting of the pardons.

On request of his attorney the application of pardon made by James Donaldson was not taken up yesterday, but continued over for one month. The application for parole for Gust Doras was also continued for one month. Doras was convicted of robbery in Salt Lake county, July 17, 1908, and was sentenced to serve a term of ten years.

The petition of John Furey for the restoration of his credits was continued until the July meeting of the board. Leo Camp, who is now on parole, was granted a re-hearing on his petition for pardon. The petition will be taken up at the next meeting.

The following applications for pardon or commutation of sentence were denied:

For Pardon.

Edward Syllus, assault with a deadly weapon, convicted in the Third judicial district court, Salt Lake county, sentenced March 13, 1909, by Hon. T. D. Lewis, presiding judge, to eighteen months in state prison. F. C. Looftbourn prosecuting.

Clonel Flowers, carnal knowledge, convicted in the Third district court, Salt Lake county, sentenced March 3, 1909, by Hon. T. D. Lewis, presiding judge, to nine months in state prison. E. O. Looftbourn prosecuting. Assistant district attorney not favorable.

Charles Taylor, burglary, third degree, convicted in the Fourth district court, Utah county, sentenced March 3, 1909, by Hon. John E. Booth, presiding judge, to ten months in state prison. Harvey Clutch prosecuting. District attorney not favorable.

Harry Wilson, carnal knowledge, convicted in the Fourth district court, Salt Lake county, sentenced July 18, 1908, by Hon. G. G. Armstrong, presiding judge, to eighteen months in state prison. F. C. Looftbourn prosecuting.

J. L. O'Brien, rape, convicted in the Third district court, Salt Lake county, sentenced March 2, 1909, by Hon. George G. Armstrong, presiding judge, to fifteen years in state prison. F. C. Looftbourn prosecuting. Parole after 18 months. Warden Pratt recommending.

Julius P. Jensen, forgery, convicted in the Sixth district court, Sevier county, sentenced Jan. 22, 1909, by Hon. John F. Childster, presiding judge, to one year in state prison. Joseph H. Erickson prosecuting. Petition of citizens.

Albert Whittaker, attempt to assault, convicted in Third district court, Salt Lake county, sentenced Aug. 18, 1908, by

BUSINESS OF HELD FOUNTAIN PEN CO. IS OUTGROWING PRESENT QUARTERS

A Salt Lake firm which is rapidly forging to the front is the Held Fountain Pen company, which was organized less than a year and a half ago. This company was started with a capital stock of \$25,000, and, according to a statement made by John Held, designer of the Held fountain pen, and also president of the concern, the company proposes to increase its capital to \$100,000 or more not later than the first of next year.

Although a young concern, the manufacturers of the Held improved fountain pen have seventeen representatives on the road in all sections of the United States, and are now contemplating sending salesmen to Australia. The factory is only turning out a limited number of pens at the present time because of lack of room, but some time the first of next year the capacity will be greatly increased by moving into larger and more convenient quarters.

Regarding a proposed new factory, Mr. Held said yesterday: "By the first of next year I hope we will have a new pen factory. The company proposes to increase its capital to a considerable amount, and if a suitable location cannot be found we will erect a building of our own. Our business has increased to such an extent that we can hardly turn out enough goods to fill our orders at the present time. If we do make a change, which is very probable, I shall discontinue this retail art store business and we will make pens exclusively, but will continue to carry on an engraving business."

During a recent trip to the east, A. S. Zimmerman, secretary and treasurer of the company, put the Held pen into every city that he visited. Omaha was the first city in which he stopped, and here he took an order for \$2,500 worth of the fountain pens from the Carpenter Paper company, one of the largest wholesale paper concerns in the country.

Frank Martin, formerly with the Waterman company, is at the head of the local pen factory, and the finishing department is in charge of James Held, father of the president of the company, and for many years with Tiffany in New York.

The unique advertising which has been employed by the Held concern has had a great deal to do with the upbuilding of the company's business. This department is in charge of "Jack" Held, who has turned out some original stunts in advertising that have attracted attention in many of the large eastern cities.

Within a comparatively short time the Held Fountain Pen company will have some entirely new designs in pens on the market.

son prosecuting. Attorney Halverson favorable. Judge Howell not opposed.

Herman C. Franke, forgery, convicted in Second district court, Weber county, sentenced Dec. 19, 1908, by Hon. J. A. Howell, presiding judge, to serve seven years in state prison. George Halverson prosecuting.

John D. Douglas, murder, convicted in Second district court, Weber county, sentenced May 23, 1908, by Hon. H. W. Rapp, presiding judge, to life imprisonment, commuted in 1906 to twenty-five years. Hon. Joseph Peery prosecuting.

William Thomas, burglary second degree, convicted in the Third district court, Salt Lake county, sentenced Sept. 7, 1907, by Hon. George G. Armstrong, presiding judge, to three years in state prison. F. C. Looftbourn prosecuting.

Charles M. Phelps, murder in the second degree, convicted in the Third district court, Salt Lake county, sentenced Dec. 14, 1908, by Hon. A. G. Norrell, presiding judge, to life imprisonment in state prison. Ray Van Cott prosecuting.

Harry D. Harding, burglary, convicted in the Third district court, Salt Lake county, sentenced March 29, 1909, by Hon. George G. Armstrong, presiding judge, to two years in state prison. F. C. Looftbourn prosecuting. Claiming witness favorable.

Charles Miller, grand larceny, convicted in the First district court, Weber county, sentenced April 24, 1909, by Hon. J. A. Howell, presiding judge, to eight years in state prison. George Halverson prosecuting. Claiming witness favorable.

Walter H. Burgess, burglary second degree, convicted in the Seventh district court, Emery county, sentenced June 19, 1907, by Hon. Ferdinand Erickson, presiding judge, to three years at hard labor in state prison. P. E. Woods prosecuting.

Roland H. Hipson, burglary second degree, convicted in the Seventh district court, Emery county, sentenced June 19, 1907, by Hon. Ferdinand Erickson, presiding judge, to three years in state prison. P. E. Woods prosecuting.

Edward McKee, felony, convicted in Fourth district court, Uintah county, sentenced June 18, 1908, by Hon. J. E. Booth, presiding judge, to thirty months in state prison. D. H. Howson prosecuting. (Additional recommendations, etc.)

Walter V. Schaffer, adultery, convicted in the Fourth district court, Weber county, sentenced July 13, 1908, by Hon. J. A. Howell, presiding judge, to eighteen months in state prison. George Halverson prosecuting.

SAYS HE WILL SUE CITY FOR FLOOD DAMAGES

William Jones, who lives in the northwestern part of the city, is going to sue the city government, and, in two communications, filed with the city recorder, says so in plain language. He demands payment for his loss by the city, which generally played the mischief with his garden stuff, besides destroying his livestock. His bill is for five dozen fowls, \$50; five city lots of garden produce, \$250; and loss of value to his property, \$1,000; a total of \$1,300. He says he expects an immediate remittance for this amount.

Mr. Jones sets forth that all this damage was through the neglect of the council to pay attention to the troubles of the people of the district, notwithstanding that they had twice petitioned that honorable body in two years. Now, people on the west side, he says, have been driven from their homes, their garden stuff and fruit trees ruined. "You are not asked to control the elements," he concludes, "but only to make reasonable protection here on earth."

Four cash prizes. Saltair, Wednesday, June 23. Barbecue day.

The Bathing's Fine. At Saltair. Water just right. Good suits. Perfectly safe. Round trip 25c.

There Are Many Printshops. But only one Century. 55-57 Postoffice Place.

PLENTY OF DISEASE. Smallpox on Decrease, but Scarlet Fever is Spreading.

There is still plenty of contagious and infectious diseases in the city, the report of the board of health for the week showing thirty-seven new cases, an increase of two cases over the previous week. Smallpox, with only six cases, has decreased, but scarlet fever is still spreading, the end of the week showing sixteen new cases, as against fourteen for the previous week. Typhoid fever has made its appearance, two cases having been reported, the first being a case of a whooping cough shows up strong with eight new cases and other diseases are measles, one case; diphtheria, one; and chicken-pox, three.

Deaths for the week numbered nineteen, nine males and ten females, as against twenty-five deaths in the previous week. In this week's lot were fourteen boys and twenty girls.

STRAWBERRY BLIGHT. Reported to Be Increasing at County Horticultural Meeting.

Strawberry blight, so-called, was reported at the meeting of the Salt Lake County Horticultural society yesterday as increasing rapidly in the East Mill Creek district, and recommendation was made by John P. Sorenson, county inspector, that it be at once ploughed out as soon as it makes its appearance.

John H. Woodbury, vice-president, presided over the meeting, which was largely given up to a discussion of spraying methods, with a result that the society recommends that spraying for the codling moth larvae from this date should be made with arsenate of lead.

Inspector Joseph M. Smith reported good results from a meeting which had been held in his district at Draper, at which Joseph Edward Taylor, secretary of the State Horticultural society, and John P. Sorenson, county inspector, were present. A demonstration of spraying had, he said, led to improvement in methods in the district.

CITIZENS DISPUTE CITY ENGINEER'S FIGURES. Property owners on Fourth East between Tenth South and Cleveland avenue, who asked the city council to extend the water mains to them, are not disposed to accept the refusal of Monday evening, made on the recommendation of the city engineer. The engineer estimated the cost at \$2,874, and the amount it would pay at not more than \$125. The property owners, as represented by Col. E. W. Tatlock and Thomas Ferguson, protest against these figures and ask for a reconsideration in a communication addressed to the council that the property owners will guarantee that the investment will pay per cent annually.

COPPER SITUATION. (Special to The Herald.) Boston, Mass., June 19.—Stocks of standard copper in London amount to 100,000,000 pounds, and it is estimated that the bulk of these stocks consists of electrolytic and available for delivery on metal contracts. A 25¢ quotation for London copper is the equivalent here of 13 cents, and the metal selling here at 12½ cents was against a 13-cent London price, permits reimportation of copper in effect, though not in reality. Brokers in this country would get foreign orders for metal, and instead of shipping the copper would all the orders abroad by the purchase of copper warrants, so that the difference in the price was operating against a reduction of stock in this country.

ALWAYS IN THE SPOT LIGHT Newbro's Herpicide Others Imitate but None Equal

Since the world was new there have been imitators. Great men and remarkable achievements are all imitated to a greater or less extent. An attempt at imitation is always a compliment—a tribute to the greatness of the man or the worthiness of the thing imitated.

Herpicide is a Scientific Achievement

The Original Remedy to Kill the Dandruff Germ and Up to Date the Only One That Does It.

That's Bully!

Completely Bald for Eight Years.

Pontiac, Illinois. I was almost completely bald for the last eight years and tried every remedy advertised without benefit. Herpicide immediately removed the itching and feverish sensation. I now have a fine silky growth of hair started which is growing every day. There was no sign of a hair before.

J. R. JOHNSON, Care of Reformatory.

There Is Nothing Just as Good.

Don't Be Fooled.

Ask for Herpicide and Get It.

One Bottle Brings Results

Jonesboro, Tenn. I have just tried a bottle of your Herpicide and find it very satisfactory, as it has entirely removed the dandruff from my hair and started my hair to growing nicely.

THE HAIR AND ITS CARE

Contains things everybody should know. Were the advice in this book followed for one generation a bald head would be a curiosity. Sent free upon request. For 10¢ in postage stamps a large sample of Herpicide will be sent with the book. Address:—The Herpicide Company, Dept. 23 B., Detroit, Mich.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anæmic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S.S.S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S.S.S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.

WHITE IS BETTER.

Lockjaw Patient May Finally Fully Recover.

There was great improvement shown in the condition of William M. White Saturday, and it is now believed that he will recover from what seemed a few days ago a fatal attack of lockjaw. Mr. White began improving early Saturday morning and last evening his condition was so favorable that Dr. Joseph Richards, the attending physician, said that his chances for recovery were better than ever. Dr. Richards said he did not believe that the improvement shown in Mr. White's case was due entirely to the use of antitoxin, although it probably helped as a remedial agent.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALYSSA SPERLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

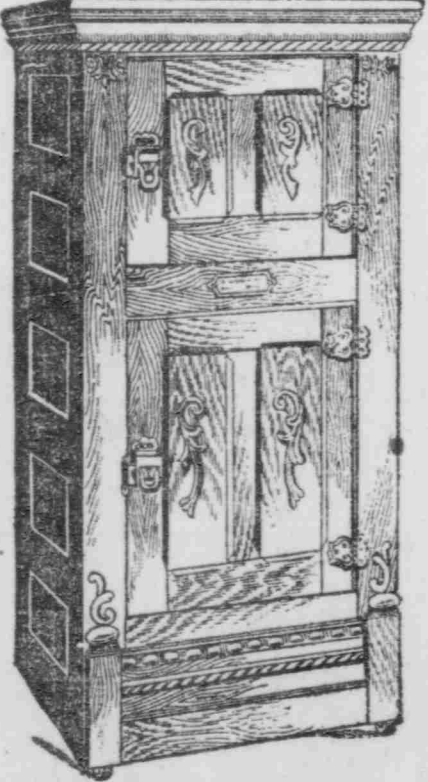

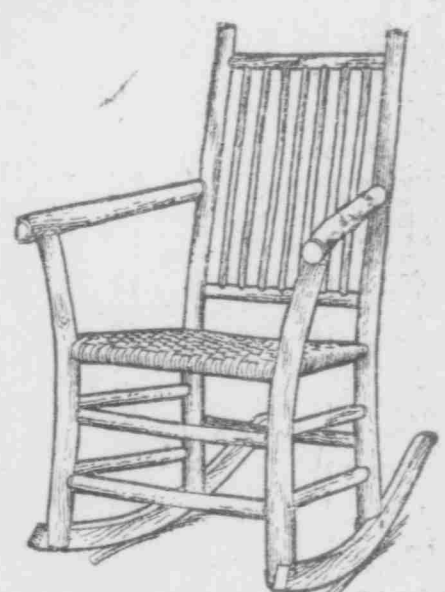

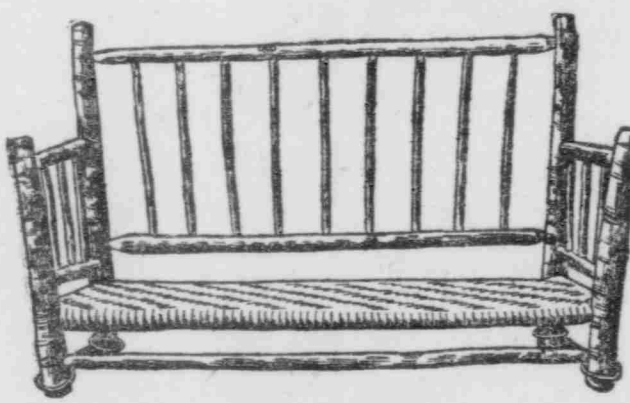

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
